Parent / Student Handbook

This student handbook describes briefly the major policies and procedures of the Francis S. Grandinetti Elementary School. By no means is this handbook sufficiently comprehensive to answer all questions and/or represent the RASD Board Policies, which can be found on the district web site. Please keep in mind this handbook is specific to the elementary school and is designed to help answer most frequently asked questions. **Once you have read the contents with your child, please sign the Student Handbook Agreement contained in the Back to School packet. Students must return the agreement to his or her classroom teacher the next school day.**

If you have questions which are not answered in this booklet, please feel free to contact the school. We believe that maintaining open communication with you, as parents / guardians, is an extremely important element in your student's education. The success of your child in school reflects your support in their educational needs.

ELKER Pride at Francis S. Grandinetti Elementary School

FSG Elementary School fosters a feeling of school pride through its school-wide effective behavior program, entitled “**ELKER Pride**”. During the school year, students learn about the rules of good behavior and the behavioral expectations we have as a school. In addition to building sound academic skills, our school realizes that we must also work to provide an atmosphere in which students can grow in character, self-concept, self-image, self-respect, self-worth, and self-esteem. The skills emphasized in the ELKER Pride Program are designed to support our students’ growth into successful adults. The administration, faculty, and staff at FSG believe our School Wide ELKER Rules will help establish common expectations and a positive atmosphere. Engaging in positive behaviors will result in students enhancing positive school pride and personal pride.

The rules are:

- E** – Expect the Best
- L** – Lead by Example
- K** – Kindness Counts
- E** – Everyone Matters
- R** – Responsible and Ready

We strongly encourage parents to talk with their children about feeling ELKER Pride and following the ELKER concepts at home. Teachers will also be reinforcing these concepts in the classroom all year long!

ABSENCE (EDUCATIONAL TRIPS)

Occasionally parents/ guardians will have an opportunity to take their children on trips that can legitimately be considered educational; the State Department of Education permits such trips providing parents secure permission from the Superintendent or his designee. Parents / guardians of elementary children should complete an Extended Vacation Waiver Form, one week in advance, to the Elementary Principal. The proposed itinerary and length of stay must be attached to the request form. Parents are responsible for contacting the teachers concerning homework or missed class work. Five days only will be approved for "Educational Trips" in one school year. Daily attendance will be taken into consideration. Grades 3, 4, and 5 should take note of PSSA testing dates before making arrangements.

ABSENCE (FREQUENT)

School policy states that any child who is absent from school ten (10) or more days is required to provide a physician's excuse for any absence beyond the ten days (student must be seen by the physician, physician's assistant or nurse practitioner), providing the absence is sporadic, as opposed to being consecutive. Consecutive absence due to an injury, illness, operation, etc., is understandable and is exempt from the above rule and will be considered on a case-by-case basis.

Upon return to school after an absence, a pupil must present a statement written by a parent or guardian to his homeroom teacher listing the dates absent and explaining the reason for the absence. If the above-stated "ten-day rule" has been invoked, you must provide a written excuse from a physician if the absence was due to illness, student must be seen by the doctor. If a valid excuse is not presented within three days, the absence will be recorded as illegal. The District is required by law to issue such a notice to the parents of students of compulsory school age (under 17 years of age) when the student has been illegally absent (i.e., has not submitted an acceptable excuse) from school for six days (the six days may be consecutive or nonconsecutive). Once three calendar days have elapsed after this legal notice has been received by the parents with no response, notification will be sent explaining that if the student receives one additional illegal absence (and every illegal absence thereafter) a criminal complaint for violation of compulsory school attendance laws shall be lodged with the magistrate without further notice (School Code of Pennsylvania sections 1326-1338). To avoid the issuance of such a notice, students should attend school on a daily and regular basis and if absent the student must submit acceptable excuses in a timely manner (within three days of the absence).

All subsequent illegal absences could result in monetary fines levied by the District Judge. Absences due to medically excused illness, death in the immediate family, and exceptionally urgent reasons affecting the pupil are classified as excused absences.

ABSENCE (CALLS REGARDING)

If your child should be absent from school, you may receive a call from the school office. The primary purpose of these calls is to establish the whereabouts and safety of the child. Without this contact, in the event of an unusual occurrence the parents would not know that the child is missing until late afternoon, and school officials would assume that the child was home because of illness. If there is a concern for the child's safety, law enforcement will be contacted to make a home visit.

ACCESS TO GRADES

Parents will be provided directions to secure online access to their child's grades at the beginning of each school year.

ACCIDENTS

Accidents occurring on school premises are reported to the school nurse or designee and an accident report is filed. First aid will be administered by the teacher in charge or by the nurse. Attempts will be made to notify parents by phone, when the seriousness of the accident warrants, using contact information located on the FSG Information Card (Every child has an Information Card which is to be filled out by the parents at the beginning of each school year).

Every student is expected to do his part in observing and promoting the rules of safety.

Conditions that are hazardous should be reported to a teacher or the building administration.

ADMISSION PROCEDURES

A student who wishes to be enrolled in the Francis S. Grandinetti Elementary School must provide the following information at the time of enrollment:

Proof of the child's date of birth: (Acceptable documentation includes birth certificate, baptismal certificate or transcript of the record of baptism - duly certified and showing the date of birth, notarized statement from parents indicating the date of birth, duly attested transcript of the birth certificate, or duly certified transcript of birth).

Verified record of immunization as prescribed by state law. This may include an assurance from the former school district or a medical office that the required immunizations have been done with a record to be sent.

Completion of a Parent Registration Statement attesting to whether the student has been or is suspended or expelled for offenses involving drugs or alcohol, weapons or violence per 24 PS. 13-1304-A.

Required proof of residency which may include a valid PA Driver's license, a bill (electric, gas, etc.), a rental agreement, completed USPS address change form.

Students residing with adults other than parents or legal guardians must secure and complete an affidavit form and return it to the respective office.

Parent or legal guardian must fully complete the school district's registration form.

If there is a delay in the enrollment process that extends beyond five (5) business days, homebound instruction may be provided until all necessary transfer/enrollment documents described above are received by the school office. Upon receipt, review, and acceptance of all necessary transfer documents, the new student would then report to the school office for classroom assignment.

ATTENDANCE

Regular attendance is essential to your child's success in school. A day's absence from school can never really be made up because the teaching and learning that takes place during the day may not be repeated.

ATTENDANCE PROCEDURES

Student attendance is a requirement of PA School Code (the laws of the Commonwealth of Pennsylvania). The Ridgway Area School District's Board of Directors is required by law to adopt and enforce policies and procedures regarding the daily attendance of school aged pupils. It is the belief of the Board of Directors, Administration, Faculty and Staff that the educational opportunities provided to the students of RASD is predicated upon daily school attendance. Student achievement and successful classroom participation in well planned educational activities under the direction of highly qualified teachers requires continuity of instruction. Daily and regular school attendance is important in order for students to be exposed to the full range of knowledge and experiences necessary to successfully complete grade level objectives. There are many instructional activities such as demonstrations, presentations, class activities and discussions that cannot be made up. The development of good attendance habits prepares students to become responsible and competent community members.

Regular, daily attendance is the responsibility of parents / guardians. It is essential for parents to know the attendance policies and procedures that are outlined in the District's policy manual (available at <http://www.rasd.us>) and this Student Handbook.

The school is responsible for your child:

1. During the instructional hours of the school day.
2. During the instructional hours of the school day on school district property
3. On school district vehicles (owned, rented, leased, or contracted)
4. At school district events held before, during, or after school hours and that are directly observed and supervised by school district staff

When a student is absent from school:

- Parents/guardians notify the elementary office before 8:00 am and inform them of the reason for the absence.
- When the student returns to school, he/she must submit an acceptable excuse within **3 SCHOOL DAYS AFTER THE ABSENCE.** *Excuses that are not submitted by the due date shall be recorded as an illegal absence.*
- Excuses must include the student's name, the dates of the absence, the specific reason for the absence, and should be signed by the parent/guardian.

- When a student's absence results from a medical appointment/court appointment the **parent/guardian must secure the medical/court appointment excuse, from a physician, attorney, etc., at the time of the appointment AND submit it to the elementary office personnel.**
- It is the parent's / guardian's responsibility to obtain an excuse and submit it; office personnel will not obtain medical excuses on behalf of students. Parents may request that medical excuses be faxed to elementary office from the physician's office. The FSG office fax number is (814) 776-4297.
- **The following list includes acceptable and unacceptable excuses:**

ACCEPTABLE

-illness/quarantine
 -recovery from an accident
 -death in the family
 -impassable roads
 -court attendance
 -educational field trips
 -family education trip (5 day)
 -religious holidays
 -out of school suspension
 -school sponsored activities
 -other reasons approved by the board

UNACCEPTABLE

-personal business (EX. hair appointment/shopping)
 -oversleeping
 -missing the bus
 -car problems
 -hunting

General Excuses: When an excuse is submitted with a general reason such as "out of town", "an appointment", "family emergency", "personal business" etc., the building principal/attendance secretary may contact the parent/guardian for more information.

***Family education trips:** Special permission to take a family educational trip (**up to five school days**) during the school year must be presented in writing from the parent/guardian to the principal at least five business days in advance of the trip. Upon receiving the written request, the principal will review the student's records (attendance, disciplinary and academic) to determine whether or not approval of the trip will be granted. Approved family educational trips **up to five school days** will not count towards a student's accumulated absences of school days. Student's absences up to five school days, as a result of a family education trip, will be recorded as "other". A student's absences that extend beyond five school days, as a result of a family educational trip, will count towards a student's accumulated absences of school days. School days of absences beyond five for a family educational trip will be recorded as "excused" or "illegal", depending upon the student's records (attendance, disciplinary and academic).

Students who have a history of attendance issues, discipline issues, and/or who are in academic jeopardy **will not be approved** by the principal to take a "family education trip". **Please avoid scheduling family trips (educational) during PSSA testing dates.**

When absent, it is the student's responsibility to get the assignments they missed from their teachers. Students and parents can access their Schoology account to retrieve assignments.

Routine Medical Appointments (make every effort to schedule routine medical appointments after school hours):

If required to make appointments during the school hours, please do so at a time that will have the least impact on your child's education. For urgent appointments, you will be excused in accordance with travel time and the time of your appointment. For example: if you have an appointment in Ridgway at 10:00 am, you are expected to report to school, be excused at 9:45 am and you are expected to return to school following your appointment, unless a doctor specifies otherwise.

Early Release:

Early releases from school should be for urgent reasons such as medical appointments, court appointments, etc. To be excused early, the student must submit to the school office a written note from his/her parent/guardian that indicates the reason for the early dismissal, the time, the date, and be signed by the parent/guardian.

When a student is late to school: It is important that students arrive to school on time. Chronic tardiness can be construed as a form of truancy. Truancy is a violation of the Public School Code relating to compulsory school attendance. Student must present a signed note as to the reason for the tardiness. Students may be considered EXCUSED LATE under the following circumstances: illness, accident, medical, dental, and health related appointments, court appearances etc. All other excuses shall be deemed as unexcused/illegal.

Tardy To/Truant from School: Being tardy/truant from school results when a student arrives to school late. A note of explanation is required from the parent. A parent/guardian is required to come into the office and sign in all students that arrive after 8:05 AM. Please note – If a child is tardy to school 15 times, a referral will be made to the District Justice, resulting in a possible fine or other consequences as determined by the District Justice.

Five Day Illegal Absence Notice: The District is required by law to issue such a notice to the parents of students of compulsory school age (under 17 years of age), when the student has been illegally absent ("I" - has not submitted an acceptable excuse) from school for five days (the five days may be consecutive or nonconsecutive). Once five calendar days have elapsed after this legal notice could have been received by the parent/guardian, if the student receives one additional illegal absence (and every illegal absence thereafter) a criminal complaint for violation to the compulsory attendance laws shall be lodged with the magistrate without further notice (School Code of Pennsylvania sections 1326-1338). To avoid the issuance of such a notice, students should attend school on a daily and regular basis and if absent the student must submit acceptable excuses in a timely manner (within three days of the absence).

10 Day Absence Notice (All students enrolled in the District's schools): If a student accumulates more than ten (10) absences during one school year, the school administration shall require that student to provide a medical statement or excuse from a physician for every subsequent absence. Failure to provide the requested medical excuse shall result in such absences being classified as unexcused or illegal depending upon the age of the student.

PLEASE NOTE: A child should not be in school, however, if his presence is detrimental to his own health or that of others. A doctor's excuse is required when children need to be excused from physical education classes.

ATTENDANCE LETTERS:

7 Day Letter: This letter will notify a parent/guardian that the student is close to reaching a 10-day absence letter.

10 Day Letter: This letter will notify a parent/guardian that the student will need a doctor's excuse for any absence here after.

One Day Illegal Letter: This letter will notify a parent/guardian that the student has one illegal day. Five more illegal days will result in legal action.

Two Day Illegal Letter: This letter will notify a parent/guardian that the student has two illegal days. Four more illegal days will result in legal action.

Three Day Illegal Letter: This letter will notify a parent/guardian that the student has three illegal days. Three more illegal days will result in legal action.

Four Day Illegal Letter: This letter will notify a parent/guardian that the student has four illegal days. Two more illegal days will result in legal action.

Five Day Illegal Letter: This letter notifies a parent/guardian that on the next illegal day legal action will be taken without further notification.

Tardies Letters: These letters notify the parent/guardian that a student is at the six-day tardy mark and the twelve-day tardy mark.

Corrective action will take place for all unexcused and unlawful absences according to the age of the student as outlined below.

a. Students Less than 17 Years Old:

- i. **First Offense and Second Offense:** Attendance Letter mailed home.
- ii. **Third Offense:** Parents will be served with a legal notice indicating that there have been three (3) or more days of unlawful/illegal absences. The building administration will convene a Truancy Elimination meeting with the parent (s) and student (depending upon the age of the student). A Truancy Elimination Plan (TEP) will be developed and implemented. In addition, referrals to Juvenile Probation (if applicable) and a referral to Family Group Decision Making will be made at this time to assist the family with the development of a plan to assist with truancy needs.
- iii. **Fourth Offense:** Meeting with student (if applicable), parent, and building principal to review TEP guidelines and consequences.
- iv. **Additional Offenses** - Citations will be served through the local district judge's office whenever a student reaches 6 illegal absences. (NOTE: Each unlawful absence may result in substantial fines up to \$300 per day plus court costs may be imposed by the district magistrate.)
- v. Concurrent with the filing of the first citation with the district magistrate, a referral to Children and Youth Services for the respective county of residence. Children and Youth Services will conduct a home visit to the family's home.

BUILDING SECURITY / SAFETY PROCEDURES

The safety and security of our elementary students and staff is of utmost importance. The following safety procedures are enforced at the elementary school building. The elementary building is "locked down" immediately following the morning student arrival. Entrance to the elementary building must be made through the front office door. Visitors are first visually identified from the elementary office and only then permitted to enter the building. All visitors wishing to enter the elementary school hallways must wear one of our elementary school "Visitor Badges." Your cooperation is appreciated on this important matter: your child's safety is our concern.

BULLYING

Bullying is when one child, or group of children, repeatedly hurts another child through words (written or orally) or actions. Bullying has a negative effect on students, creates an atmosphere of fear, and reduces students' abilities to learn. There are 3 forms of bullying: Physical (includes hitting, kicking, pushing, and taking belongings); Verbal (includes taunting, teasing, name-calling, and making threats), and Psychological/Relational (involves spreading rumors, ignoring, telling lies, intimidating, and excluding others). Sometimes bullying might be mistaken as "just teasing" or kids "having fun". An episode of bullying has three identifying characteristics:

- A power difference between the bully and the person being bullied
- A negative intent on the part of the bully to hurt, embarrass, or humiliate another
- Repeated behavior with others, with the same person, or with the same person over time

BULLYING is intentional, electronic, written, verbal or physical act, or a series of acts:

- directed at another student or group of students;
- which occurs in a school setting;
- that is severe, persistent or pervasive; and
- substantially interfering with a student's education; or
- creating a threatening environment for any specific student or groups of students; or
- substantially disrupting the orderly operation of the school.

"School setting" shall mean in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school. Bullying is prohibited in the school setting.

Bullying may also rise to the level of unlawful harassment. Students are encouraged to report incidents of bullying to school officials. Students shall report incidents of bullying to the Principal or guidance counselor in the elementary school.

Prohibited bullying acts could also occur *outside* of the school setting which specifically include, but are not limited to, a student's use of his/her personal computer or other electronic device outside of school.

The disciplinary consequences for violating the bullying policy shall vary depending on the seriousness and pervasiveness of the bullying. Students who violate the bullying policy may be referred for counseling and shall also be subject to discipline ranging from afterschool detention, out of school suspension, in school suspension or referral to the Board of Directors for expulsion. Notification of the police may occur depending on the severity of the behaviors. Our school continually reinforces an atmosphere where bullying is unacceptable. Parents should talk to their children about relationships with others at school. **Warning signs of being bullied could include: complaints of headaches or stomachaches, fear of going to school or riding the bus, trouble sleeping and frequent bad dreams, loss of interest in school, loss of appetite, sad/depressed/moody, anxious, poor self-esteem, quiet/passive/sensitive, few friends, and/or clothing or belongings missing or torn.** If your child would show these warning signs, talk with him/her about interactions with peers at school. Notify the school immediately if you suspect bullying so that we can address the issue. Bullying is not acceptable in FSG Elementary and any bullying related behavior will not be tolerated. Bullying can have serious consequences and school officials are ready to assist your child in having a positive and safe school year.

Bullying Workshops: Students in grades three, four and five have mini workshops on bullying, respect for all, and friendship. Students in grades kindergarten, one and two have guidance classes that address friendship, respect for all, and tolerating differences. Mini workshops and guidance classes are conducted by the building principal, school counselor and outside agencies when offered. All students follow the FSG ELKER Rules as a preventative to bullying.

BUS BEHAVIOR

Children need to conduct themselves properly while riding a bus. Misbehavior distracts the driver's attention, thereby placing the safety of passengers, other drivers, etc. in serious jeopardy. Because of the potential danger, misbehavior on the bus will be dealt as an infraction with consequences. **Riding a school bus is a privilege, not a right.** A child whose behavior places others safety in danger will have privileges suspended temporarily or permanently.

A reminder to parents - for the safety and security of our students on the district's school busses, video equipment may be present with both audio and video recording capabilities, therefore, there are times when your child could be audio and/or videotaped while riding on their school bus.

Students who violate bus rules may be written up by the bus driver or faculty member. Violators may receive a re-teaching of behavioral expectations for the bus and a written warning for a first offense. Consequences for additional violations may include lunch or recess detention, after school detention, and loss of bus riding privileges. The number of bus suspension days may increase with each additional bus offense depending upon the severity of the incident. Administration reserves the right **to remove a student either temporarily or permanently from the bus based upon the nature of the offense.**

Parents/guardians will be responsible for alternate transportation due to suspension from school transportation.

BUS TRANSPORTATION

Questions relative to bus service should be directed to the Muccio School Transportation Company (772-7256) or one may call the Elementary Office (776-2176). Bus policies and procedures are as follows:

1. **Children riding the school bus must:** Wake up early enough to get ready for school without rushing.
2. Walk to the bus stop and arrive at least five (5) minutes before the bus is scheduled to arrive.
3. Behavior at the bus stop:
 - a. Stand at the bus stop at least three (3) giant steps away from the roadway.
 - b. No running, pushing, throwing objects
 - c. Be polite with the other students and adults at all times
4. When getting on the bus, go immediately to your assigned seat and remain seated until it is time for you to get off of the bus.
5. While on the bus there should be no yelling, no pushing, no hitting, or throwing objects. Always keep your head, hands, and all other objects inside the bus. Keep aisle ways clear of objects.
6. LISTEN TO THE DIRECTIONS OF THE BUS DRIVER.
7. When it is time to get off the bus, wait until the bus comes to a complete stop before standing and walking to the front of the bus.
8. Get off the bus in an orderly manner. Walk at least three steps away from the bus before walking to the left or right.
9. If you need to cross the street after getting off the school bus, always walk in front of the bus and be sure to walk far enough in front of the bus to clearly see the driver. (At least ten (10) steps in front of the bus). Wait for the bus driver to give you the all clear signal before crossing the roadway.
10. Go straight home so your parents/ guardians know where you are.
11. Do not have items dangling from your backpack, school bag, or personal clothing.
12. Never attempt to pick up items dropped near the bus. Tell the bus driver.

Failure to follow the established bus safety rules may result in the suspension of a student's bus privilege. Children are under school jurisdiction from the time they leave home in the morning until they arrive home in the evening.

Bus related concerns can be addressed if the administration and bus company are informed of problems. Please report concerns immediately to the above listed phone numbers.

If a child is to go somewhere other than to his home after school, he/she must have a signed note from his/her parent or guardian. This note must be delivered to the school office at the start of the school day; otherwise your child will be put on the regularly assigned school bus.

Children are discouraged from requesting permission to ride a bus other than the bus to which they are assigned for the purpose of spending the evening or night with a friend. In the case of an emergency, we will permit a child to ride another bus (providing there is space available on that bus and that parents send a note to school requesting such permission). If the bus is filled to capacity, we cannot accommodate an additional child.

BUS CHANGES – DROP OFFS OR PICK-UPS

For the safety of all students, bus changes must be in writing directly from the student's parents/guardians. Notice must be received by 8:30 AM and will only be honored for **emergency purposes**.

This program does NOT allow students to take just a milk. Students who choose to pack a lunch may not take a milk free. However, for students wanting to pack a few of their favorite options, student may choose our “Lunch Box” option. We will provide a fruit choice (apple, banana, orange, pear, etc.) a veggie choice (baby carrots, tossed salad, for example), and a choice of milk, the students may take these items as they go through the serving lines. These items, along with their packed items, will help complete their lunch. There is absolutely no charge!

Students who wish to purchase a second full lunch, an extra entrée or one of our snack options must pay for them. In other words, this program does not apply to ala carte items.

Students who wish to purchase an additional full lunch or any ala carte items must have funds in their account to do so, students will not be permitted to purchase these extras if they have no account balance.

Accessing Cafeteria Account

RASD Cafeterias use a computerized declining balance system for tracking student purchases and deposits.

- Students access their account at the time of service via a five-digit PIN or thumbprint.
- Cashiers complete the transaction by entering meal and additional items purchased.
- Students are expected to have cash on hand or money in their accounts in anticipation of purchases.
 - In order to serve students quickly, payments are not accepted during meals service in the elementary school. Payments are collected in the classroom in the morning and sent to the cafeteria to be deposited into student accounts.
 - Middle and high school students may deposit funds in secure boxes located throughout the school. They may also bring funds to the cafeteria during the meal service.

- Students must maintain an account balance for the purchase of milk or other a la carte items as they desire. They cannot carry a running balance.
- To avoid unwanted purchases, parents/guardians may request restrictions be placed on their student's account. This can be accomplished by contacting the food service director.
- Checks and money orders are accepted for deposit into student accounts. Electronic deposits can be made online. A link to the online system can be found on the District website at www.rasd.us. One payment can be split between several members of the household. Ridgway School District receives no profit from this payment system. It is offered as a convenience for our busy families.
- Cash payments sent to school but not received by the cafeteria cannot be honored. Checks or online payments are encouraged as the safest payment methods.

Providing account balance information

- The easiest and surest way of monitoring your student's account balance is by creating an online account. This is a FREE service that allows purchases and fund balances to be monitored. The online system provides low balance email alerts.
- In addition to alerts, cashiers in the middle and high schools shall verbally provide account balance information to all customers. This will be done in a gentle quiet manner so as to be helpful and not threatening or embarrassing. Once a student's account is in arrears, all communication will be directed to the parent/guardian.
- Low balance and negative balance email alerts will be sent to parents/guardians on a weekly basis.
- Negative account balance letters will be mailed weekly to accounts greater than \$10 in arrears.

Charging/ IOU's

- Students may not charge a la carte (extras) purchases.
- Students will never be denied a complete meal. A lunch tray will never be taken away from a student.
- The Food Service Director, or his/her representative, will review account balances and contact parents/guardians of students with negative account balances greater than \$10.00.
- The Food Service Director will work actively with administrators and parents to avoid excessive charges, to support the repayment of funds, and to approve families for subsidized school meals.

Breakfast and Lunch Balance Collections

- Parents/Guardians will be informed of the district's policy regarding meal charges and collection procedures in the student handbook on an annual basis.
- A written notice will be sent to parents/guardians indicating that charges are accruing and advising the parents/guardians of the district's collection policy. Parents/Guardians will be notified in writing of the charges on their student's account and their responsibility for payment on a weekly basis. Parent's/Guardians will be contacted by telephone regarding such matters if there has been no response to the written communication.

Collection Procedures

- Student account balances will be reviewed semi-annually. Any account that has reached \$50.00 by January 30, and June 30 will be turned over to a third-party collection agency and any fees incurred will be charged to the parents/guardians.

- The district will attempt to collect payment for checks returned due to insufficient funds. Parents/Guardians will be responsible for all cost and fees associated with the returned check. Following the receipt of two (2) returned checks, the parent/guardian/student will be required to pay cash and or a U.S. Postal Service money order or certified check for all school meals.

Year End Balances

- Students' account balances, both positive and negative, are maintained on record at the end of the school year and carried over as the beginning balance for the next school year.
- Families will be provided information about year end balances and repaying charges in May of each year.
- At the start of each school year families will be provided information about beginning balances.

Account Closures/Refunds

- Refunds are provided with the intent of closing the student's cafeteria account.

When students withdraw from the district a refund check will be issued to the parent/guardian upon request. If a refund is not requested:

- If possible, the remaining balance will be transferred to a sibling's account.
- If there is no sibling and the remaining balance is greater than \$5.00, a refund check will be issued and mailed to the last known address.
- If there is no sibling enrolled and the remaining balance is less than \$5.00, the remaining balance is forfeited and is transferred to the Bad Debt Fund.

Cafeteria Rules

All students are expected to eat in the school cafeteria. A closed lunch program will be in effect--no take-out food ordered from outside the school is allowed to be delivered or consumed in the cafeteria. No electronic devices are permitted in the cafeteria during lunch. Faculty member and adults are given priority in the cafeteria lines at all times. Specific additional guidelines for the cafeteria will be administered by the lunch monitors. Only beverages in sealed containers may be brought into the cafeteria. Pop will not be permitted.

Eating in the cafeteria is a privilege. Students unable to comply will be provided lunch in an alternative environment.

E

EXCURSIONS – FIELD TRIPS

Field trips are an integral part of the curriculum and are an educationally sound and important component of the instructional program of the schools. Field trips occur off school premises, are conducted as a firsthand educational experience not available in the classroom, and are supervised by chaperones that include a teacher, district employee, and/or board approved chaperone. Non-school district employee chaperones must be parents/guardians of children on the field trip and must comply with School Board Policy 916 (School Volunteers).

All field trips require Board approval and must adhere to district policies. Field trips shall be governed by guidelines which ensure that: the safety and well-being of students will be protected at all times; permission of the parent/guardian is sought and obtained before any student may participate; the principal approves the purpose, itinerary and duration of each proposed trip; each field trip is properly planned, integrated with the curriculum, and followed up by appropriate activities that enhance its value; the effectiveness of field trip activities is monitored and evaluated continuously; teachers are allowed flexibility and innovation in planning field trips; no field trip will be approved unless it contributes to the achievement of specified instructional objectives.

A field trip shall include curricular based field trips or incentive/reward field trips. Curricular field trips are offered as part of a course of study, grade level, and/or credit class. Incentive/Reward field trips include experiences such as the Accelerated Reader reward trips, Stand Tall, 5th grade, 8th grade and Senior class trips. Students participating in school-sponsored incentive/reward trips are expected to meet eligibility requirements regarding grades, attendance, and discipline. Students must be in good academic standing and meet the criteria as established by the trip advisor at the beginning of the school year. Students and parents will have advanced notice of trip criteria in order to ensure ample opportunity and time for students to meet the criteria. Students not in good standing (unserved detentions, more than three (3) maroon, white days absences per nine (9) weeks not medically excused, failing more than one (1) class for the school year) will not be permitted to participate on the incentive/reward trip. Students who contributed financially to the cost of the trip and who become ineligible will not receive reimbursement. Students/parents/guardian wishing to appeal a student's denial for participation in a field trip must contact the building principal at least seven school days in advance of the trip.

Specific information regarding the type and nature of the field trip will be communicated to both parents and students by the school immediately following Board approval of the trip. This information includes: student costs (fundraising activities to be completed by students to earn money for the trip); final amounts due must be paid prior to a student participating on the trip; detailed trip agenda/itinerary; parents/guardians and students are required to sign the field trip agreement. All student handbook regulations, RASD policies regarding discipline, alcohol, tobacco, controlled substances, apply and are in force during field trips. The Parent Consent Form must be signed by parents/guardians in regards to transportation.

For overnight trips, specific guidelines are outlined in advance regarding expectations. Chaperones and advisors will strictly enforce room checks and “lights out.” Students will be restricted to assigned rooms between 11:30pm and 6:30am. Luggage for overnight trips must be brought to a designated area 24-48 hours in advance of departure for search by designated school personnel. Carry-on luggage will be searched at departure.

Students who must take medications – any medications must be brought to the school before the day of the field trip in its original container with a physician’s order for the medication. Decisions regarding administration of medication during field trips and other school-sponsored programs and activities shall be based on the student’s individual needs. Medication shall be administered in accordance with applicable laws, regulations, Board policies and district procedures

While participating in a Board approved field trip, students in violation of behavioral expectations are subject to possible immediate suspension of all field trip activities (placed in direct supervision of a chaperone), school discipline, and/or being sent home at parent expense. The Board directs planning for field trips to start early in the school year and to include collaboration between administrators, teachers, nurses, parents/guardians and other designated health officials.

G

GUIDANCE INFORMATION

The elementary school counselor's role is to provide assistance and services to students, parents/guardians, families, teachers, and support staff to help students experience success in personal, social, and academic domains. The school counseling curriculum consists of individual counseling, small group counseling, and classroom guidance lessons. Students are seen on a referral basis from a teacher, parent/guardian, or other school staff directly involved with the student.

H

HEALTH INFORMATION

Children must be healthy in order to achieve maximum success in school. Good health habits are acquired first at home and continually stressed in school. Aside from the mandated school health programs the following items will be helpful:

1. Your child should have adequate rest-approximately 10 hours of sleep at night.
2. Good nutrition through three balanced meals a day, particularly a good breakfast. Your child is apt to be more alert if nutrition is good.

3. Early appraisal and treatment of illness for your child usually results in less time lost from school. This also keeps the spread of communicable illnesses to a minimum. A child should not attend school when it is evident that he does not feel well.

4. First aid given at school is only a temporary care. No matter how minor the injury, parents should check the injury at home and give any further care or consult their physician.

5. Special Problems: Please notify your child's teacher or the school nurse if your child has any specific health problems.

The School Health Code requires that an individual health record be kept on every child. Entries are made regarding your child's immunizations prior to entering kindergarten as well as any boosters he receives during his school years (please notify the school nurse of these). It is also used to record the results of the following mandated programs:

- Annual height and weight

Vision screening - All children in K - 5 are given a vision screening by the school nurse. If the screening results are not adequate, the parent is sent a form requesting a more extensive eye examination. **This form should be taken to and completed by an eye doctor and returned to school as soon as possible.** Every child should have a complete eye exam performed yearly by an eye doctor regardless of the results from the school screening.

Hearing screenings: All children in K-3 are given a hearing screening test. If they fail the screening, they are re-tested by the school nurse. Further failures result in referral through the parent to the family doctor. Children in other grades are tested upon request.

Body Mass Index (BMI)-all students will have body mass index calculations performed. Referrals will be made according to guidelines set by the Department of Health.

Physical exams – **Physical examinations** are required by Pennsylvania law for all students upon a child's original entry into school, 6th grade and 11th grade. These examinations may be performed by the District's school physician in school, or parents may have the school medical examination performed by their private family physician and reported to the District on forms provided by the District. These forms are available: in the school nurse's office and on the school website www.rasd.us under the "elementary" tab and "parents". The private medical examination form or verification of an appointment must be submitted to school by OCTOBER 15. If the private medical examination or verification of appointment is not received by the District by this deadline, the District will begin working with the student's parent/guardian to schedule a school exam with the District's school physician. The private medical examinations can be completed up to one year before the required school year (which begins on July 1st each school year).

Dental exams - According to State law a dental exam is required on all children within one year of their original entry into school, 3rd grade and 7th grade. This exam is to be performed by the child's own dentist and the parent or guardian is required to provide the results of the dental examination to the school district school nurse. These forms are available: in the school nurse's office and on the school website www.rasd.us under the "elementary" tab and "parents". Dental exams can be completed one year before or during the required school year. Private dental forms are provided in order for your child to complete this mandate. Please return completed forms to the school.

Children entering school for the first time must have the following immunizations: four doses of DTaP vaccine (one must be after their 4th birthday), four doses of Polio vaccine (final dose must be after their 4th birthday),

three doses of Hepatitis B vaccine, 2 doses of MMR vaccine and two doses of varicella vaccine or history of having had chicken pox disease. All doses must be properly spaced. It is the parents' responsibility to see that the child receives these vaccines prior to entering school.

PARENT AND GUARDIANS ARE URGED TO NOTIFY THE SCHOOL DISTRICT IN THE EVENT THAT THEIR SON/DAUGHTER IS DIAGNOSED WITH A MENTAL HEALTH CONDITION. THIS INFORMATION IS VITAL AND NEEDS TO BE REPORTED IMMEDIATELY IN ORDER TO ENSURE THAT THE STUDENT IS RECEIVING REASONABLE EDUCATIONAL BENEFIT.

Note to Parents: If you believe that your child's mental health condition is negatively impacting on his/her academic or behavioral performance within the school setting, please contact the Office of Student Services at 814-776-4255.

HOMELESS STUDENTS

The Pennsylvania Education for Children and Youth Experiencing Homelessness Program (PA ECYEH Program) assures execution of the federal legislation, *McKinney-Vento Homeless Assistance Act* of 1988; also incorporated into the 2001 *No Child Left Behind Act*. Implementation of this program ensures that homeless children and youth have equal access to the same, free, appropriate, public education; including preschool education, as provided to other children and youth.

What meets the definition of Homelessness?

Lacking a fixed, regular and adequate nighttime residence. Examples include:

- Sharing housing due to a loss of housing, economic hardship, or a similar reason.
- Living in hotels, motels, trailer parks, or camping grounds due to a lack of alternative adequate housing.
- Living in emergency, domestic, or transitional shelters.
- Abandoned in hospitals.
- Using a public or private place not designated for, or normally used as, a regular sleeping accommodation for human beings.
- Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar places.
- Migratory children who qualify as homeless because they are living in circumstances described above.
- Living as run-away children, abandoned or forced out of homes by parents/guardian or caretaker, or separated from the parent/guardian for any other reason.

If you have concerns that your child or another student may be experiencing homelessness, please contact Erica Heindl, Supervisor of Special Education and Student Services/Homeless Liaison for the Ridgway Area School District. She will be able to assist you with processes in place to eliminate barriers for enrollment, attendance, transportation, resources, and success in school for identified homeless students.

SCREENING AND ASSESSMENT PROCEDURES

Health Examinations

Although the physical and mental health of each child is primarily the responsibility of the home and parents, the school district provides not only state mandated health services but also functions to maintain and improve the health of each student while in school.

Physical exams - Physical examinations are required by Pennsylvania law for all students upon a child's original entry into school, 6th grade and 11th grade. These examinations may be performed by the District's school physician in school, or parents may have the school medical examination performed by their private family physician and reported to the District on forms provided by the District. These forms are available: in the school nurse's office and on the school website www.rasd.us under the "elementary" tab and "parents". The private medical examination form must be submitted to school by OCTOBER 15. If the private medical examination form is not received by the District by this deadline, your child will be scheduled for the school exam. The private medical examinations can be completed up to one year before the required school year (which begins on July 1st each school year).

Dental exams - According to State law a dental exam is required on all children within one year of their original entry into school, 3rd grade and 7th grade. This exam is to be performed by the child's own dentist and the parent or guardian is required to provide the results of the dental examination to the school district/school nurse. Dental exams can be completed one year before or during the required school year. Private dental forms are provided in order for your child to complete this mandate. Completed forms must be returned to school. Each student's Body Mass Index (BMI) is mandated to be collected in grades Kindergarten through twelfth.

For each pupil transferring to the schools of this district, the Superintendent shall request an adequate health record from the transferring school prior to enrollment.

Beginning with kindergarten vision and hearing screening and continuing through the twelfth grade, a developmental health history shall be maintained for each student in the district.

The individual pupil records of health examinations shall be maintained as a confidential record subject to statute and the policies of this district.

PARENT AND GUARDIANS ARE URGED TO NOTIFY THE SCHOOL DISTRICT IN THE EVENT THAT THEIR SON/DAUGHTER IS DIAGNOSED WITH A MENTAL HEALTH CONDITION. THIS INFORMATION IS VITAL AND NEEDS TO BE REPORTED IMMEDIATELY IN ORDER TO ENSURE THAT THE STUDENT IS RECEIVING REASONABLE EDUCATIONAL BENEFIT.

Note to Parents: if you believe that your child's mental health condition is negatively impacting on his/her academic or behavioral performance within the school setting, please contact the Office of Student Services at 814/776-4255.

TECHNOLOGY/CELL PHONES

The Ridgway Area School District encourages the use of technology to advance student learning. A clear distinction exists between educational technology and entertainment technology. The use of entertainment technology such as radios, CD players, earphones/buds, electronic games, iPods, MP3 players, pagers, cellular phones, watches and other technologies that connect to cellular devices, laser pointers, etc. is not normally permitted to be used during school hours. Entertainment technology must be turned off and put away between 7:40 AM and 3:00 PM. Devices being used during this time will be confiscated, turned into the office, and a discipline referral will be issued to the student. For first offenses, students may pick up the device at the end of the school day.

Cell phones must be off/silenced, and stored in the student's locker or backpack at all times. Students are not permitted use of their phones during the school day. If a student needs to contact a parent, they may use the phone in the office.

Students who violate the cell phone expectation and who fail to surrender their cell phone will earn a discipline referral for insubordination and will be subject to disciplinary action as per the student code of conduct.

Educational technology (kindles, iPads, personal computers, electronic books and tablets) may only be used in coordination with classroom instruction (designated in lesson plan as a legitimate educational purpose) and when granted permission by the course instructor/supervising professional staff. Professional

employees/supervising professional staff have the discretionary authority to determine whether student use of technology has a legitimate educational purpose or whether it is being used for entertainment.

Cell phones/electronic devices may never be used by students to take pictures or videos during the instructional day or while riding the school bus.

Bringing technology to school is a risk assumed by the student. The Ridgway Area School District nor its employees are responsible for lost, stolen or damaged technology brought to school by students.

The Ridgway Area School District provides students and employees with a wireless high-speed computer network for internet and e-mail. To access the internet, all students must obtain parent/guardian permission and sign a release. Also, students are required to sign a District user agreement indicating their understanding of and willingness to abide by the District's procedures and regulations. Network storage accounts and folders are treated like a student locker. The administration and network administrators audit student use logs to maintain security, system integrity and responsible use. If a student violates the rules of appropriate use, they will be held accountable for their actions and may lose network privileges if the Rules of Appropriate Use are violated.

TELEPHONE CALLS

Teachers are not available to receive telephone calls during school hours, except in an emergency. Messages will be taken and delivered to the teachers. Teachers should be called only before school (7:20-7:50) or after student dismissal at 2:55.

Pupils are not to use the school phone, except in emergencies. Parents/Guardians should give permission before leaving home to take part in or attend after school activities, so that calling home is not necessary.

TERRORISTIC THREATS/ACTS

The elementary school recognizes the danger that terroristic threats and acts, by students, presents to the health, safety, security and welfare of other students, staff and community. The school district realizes the need for an immediate and effective response to a situation involving such a threat or act. The School Board prohibits any district student from communicating terroristic threats or committing terroristic acts directed at any student, employee, Board member, community member or school building. Terroristic threat - shall mean a threat to commit violence communicated with the intent to terrorize another, to cause evacuation of a building, or to cause serious public inconvenience, in reckless disregard to the risk of causing such terror or inconvenience. Terroristic act - shall mean an offense against property or involving danger to another person. Terroristic threats may be written, verbal, through technology but not limited to inform. Any threat directed at school personnel and/or the student population will be immediately investigated by school personnel and law enforcement. Parents will be contacted and required to come to school for a conference immediately following the threat.

Title I

What is a Title I Schoolwide program?

A Schoolwide program permits a school to use funds from Title I, Part A and other Federal education program funds and resources to upgrade the entire educational program of the school in order to raise academic achievement for all the students. This contrasts with a Title I targeted assistance program, through which Title I, Part A funds are used only for supplementary educational services for eligible children who are failing or are at risk of failing to meet state academic content standards.

Schoolwide programs have great latitude in determining how to spend their Title I, Part A funds. Schoolwide programs do not have to identify particular children as eligible for services, or separately track federal dollars. Instead, Schoolwide programs can use their Title I, Part A funds in the manner they choose within federal guidelines, as long as they engage in reform strategies that increase the amount and quality of learning time and help provide a high-quality curriculum for all children, according to a comprehensive plan to help children meet the state's challenging academic content standards. Schoolwide programs serve all children in a school. All staff, resources, and classes are part of the overall Schoolwide program. The purpose is to generate high levels of academic achievement in core subject areas for all students, especially those students most in need.

Components of a School-wide Program

- A comprehensive needs assessment of the entire school is conducted.
- School-wide reform strategies provide opportunities for all children to meet the states proficiency performance standards.
- Highly qualified staff members provide instruction.
- Professional development is conducted on a continual basis throughout the year.
- Activities are presented to increase parent involvement.
- Plans are included to provide transitional assistance from preschool to elementary, from elementary to middle school, and from middle school to high school.
- Measures are taken to include teachers in the decisions regarding the use of assessments.
- Activities are conducted to ensure that students who experience difficulty mastering state standards will be provided with effective, timely, additional assistance.

Parental Involvement

Parental involvement is an integral part of the Title I program. Parents are encouraged to become partners in helping their children achieve and become actively involved in all aspects of the process of the Title I program, from the writing of the plan to its implementation and evaluation.

A strong connection between the home and the school is a key element in student success. Materials, strategies, and assistance from teachers are available to all parents within a Title I Schoolwide program.

Opportunities for active parent participation include, but are not limited to, open house, parent workshops, school-parent compacts, parent-teacher organizations, conferences, timely newsletters, and more.

The No Child Left Behind legislation requires schools to utilize a portion of their Title I funds to support parent involvement. Parents should contact the school principal with any comments or suggestions regarding the school's parent involvement expenditures. If you would like to participate on the district and/or the school Title I planning team or make comments on the plan, please contact the school office.

Parent Involvement Policy and School-Parent Compact

Each Title I school is required to ask for input from parents regarding the development of a parent involvement policy and a school-parent compact. The parent involvement policy explains how the school plans to work with parents to review and improve parent programs and describes how parents can participate in planning these programs. The School-Parent Compact outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the way in which the school and parents will build and develop a partnership to help children achieve the state's high standards. You are asked to read the School and District Parent Involvement policies and the School-Parent Compact and give your suggestions or comments for revisions to the school principal. Changes will be made, when possible.

Description & Explanation of Curriculum, Forms of Academic Assessment, and Proficiency Levels Students Are Expected to Meet

Ridgway Area School District provides high-quality curriculum based on Pennsylvania's Core Standards. A variety of tests are administered to students to determine levels of proficiency. To monitor student progress throughout the year, student assessment may include:

- Assessments created by teachers and/or provided by textbooks.
- District assessments
- The Pennsylvania State System of Assessment (PSSA) will be given annually to students in grades three through eight. These assessments will measure student performance based on state standards.

Results of student assessment are presented at parent/teacher conferences, and by means of progress reports, report cards, etc.

Parents' Right to Know

In January 2002, President Bush signed into law the No Child Left Behind act that was designed to ensure that all children have an opportunity to obtain a quality education.

Under this act, you have the right to know the professional qualifications of the classroom teachers and paraprofessionals who instruct your child. If you would like to receive any of this information about your child's teacher(s) or paraprofessionals, you may contact the school office.

At the beginning of the 2023-2024 school year, all teachers and paraprofessionals were highly qualified at Francis S. Grandinetti Elementary School.

**Title I LEA Parent Involvement Plan
Ridgway Area School District
2023-2024 School Year**

The Ridgway Area School District recognizes that parents/families are their children's first and most influential teachers and that continued parental involvement in the education of children/youth contributes greatly to student achievement and a positive school environment. A child's education is shared by the school and family during the entire period the child spends in school. To support the goal of the Ridgway Area School District to educate all students effectively, staff and parents must work as knowledgeable partners. This school district, in collaboration with parents, shall establish programs and practices that enhance parent involvement.

The district encourages parental involvement through providing information about standards and assessments and providing materials for parents to help their children. The district supports professional development opportunities for staff members to enhance understanding of effective parent involvement strategies and recognizes the importance of administrative leadership in setting expectations and creating a climate conducive to parental participation. Engaging parents is essential to improved student achievement.

This district shall foster and support active parent involvement as outlined below:

1. This jointly developed and agreed upon written parent involvement plan is reviewed annually and distributed to parents.
2. Informational meetings will be held for all parents in the fall at our annual open house. Additional meetings with flexible times shall be held throughout the year.
3. Parents are given assistance in understanding the state standards and assessments through the annual meetings and parent-teacher conferences.
4. Parents receive an explanation of the school's performance profile, forms of academic assessment used to measure student progress, and the expected proficiency levels in the annual progress report distributed to all parents in the spring of the year, through individual reports given to parents at conference time and through report cards.
5. Parents are informed about the curriculum, instructional objectives, and methods used in the program. This information is delivered through newsletters, conferences, and annual meetings.
6. Parent recommendations are encouraged and responded to in a timely manner. Verbal or written responses will be given for all recommendations.
7. Parents will be involved with the planning, review, and improvement of the programs.
8. A jointly developed school/parent compact outlines how parents, teachers, administration, and students all share responsibility for improved student achievement. It is distributed to parents and is reviewed at an annual meeting.
9. Communication between home and school is on-going, two-way, and meaningful.
10. Parents are welcome and needed in the school, and their support and assistance are sought.
11. Parents may request and the district will provide information on the professional qualifications of the student's teachers and whether the child is provided services by paraprofessionals and, if so, their qualifications.
12. To the extent feasible and appropriate, the elementary school will collaborate with the parent involvement programs associated with Head Start, Early Intervention, Parents as Teachers Program, and other public and private preschool programs in order to facilitate the student's school transition process.

Francis S. Grandinetti Elementary School

Title I Parent Involvement Plan

2023-2024 Parents are encouraged to assist in the planning, design and implementation of the Title I program. Informed and active parent participation is an essential component to student success.

Ongoing efforts to enhance the effectiveness of the Title I program will be made by means of the following activities:

1. Initially, the eligible Title I school shall develop a plan to ensure that parents are involved in all phases of the Title I program. This shall occur after consultation with and review by parents and updated each year at an annual meeting.
2. Annually, parents will be invited to a meeting to update the parent involvement policy and to further explain and clarify the Title I program.
3. Parents will be asked to complete an annual survey as a way to assess their needs and to focus parent involvement in Title I.
4. Parents will be provided with a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet. Grade level goals are aligned to the State's Academic Content Standards.
5. Parent-teacher conferences are held twice yearly (Fall & Spring). These conferences are conducted during morning, afternoon, and evening times.
6. A school-parent compact is jointly developed and reviewed annually with parents. The compact outlines how parents, teachers, and students will share in the responsibility for improving student academic achievement.
7. As the need arises in the school, various types of meetings may be initiated by parents or teachers to meet the needs of the parents.
8. Title I funds may be used to pay reasonable and necessary expenses associated with parent involvement activities.
9. Parents will receive materials and training, as needed, to work with their child to improve academic achievement and foster parent involvement.
